Jad International Schools Parent-student Handbook

The School Vision

Welcome to the Jad International School 2023-2024 school year.

Every school year represents a fresh start for our students to do their very best, to learn new things and to soar academically. Teachers strive to help students pursue their dreams and reach their fullest academic potential, especially with help from you. Parents and guardians, the first teachers of our students, can make sure every child, from the youngest to the oldest, gets to school on time, attends school every day and completes all assignments.

Our vision is to enrich our learners, future leaders, with the best quality of safe educational environment by promoting excellence in all learning areas, while preserving our Islamic identity in a multicultural heritage.

The School Mission:

J.I.S.'s mission is to continuously provide students with a high-quality International education from an Islamic perspective. This will be achieved in a secure, caring and disciplined environment by means of a challenging curriculum that is delivered through the committed leadership, qualified teaching body members, up-to-date technology, indoor/outdoor activities, and organized field trips-educational and recreational.

Beginning the 2015-2016 school years, in order to prepare students to successfully master the Common Core Standards, the School has implemented the Common Core Technology Program, by providing a smart board learning device in every class. This device will help students and teachers as well.

We will continue to provide a quality education for all students. Under no circumstances can we compromise our goal to ensure all students are college-prepared ready. By working together, we can ease the challenges and move forward during these tough times.

As your General Manager, I am focused on setting high expectations for all children, boosting academic achievement student by student and school by school, and expanding the avenues to learn, to explore and to excel for all—including the best and the brightest.

I am excited to work with each of you to ensure all of our youth are achieving.

Mission: Provide students with a high-quality International education from an Islamic perspective. This will be achieved in a secure, caring and disciplined environment by means of a challenging curriculum that is delivered through the committed leadership, qualified teaching body members, up-to-date technology, indoor/outdoor activities, and organized field trips-educational and recreational".

INTRODUCTION

This handbook was produced as a resource for students and parents to explain the policies, rules, and regulations governing all students In Jad International School.

Parents must help school personnel to effectively communicate information from this handbook to students. Parents help by requiring students to be in school every day they are physically able to be in attendance, providing information such as correct addresses and phone numbers, attending scheduled conferences with school staff, sending the necessary absence or tardy notes, and learning about the school, its mission, its plan for improvement, and its activities. Parents are encouraged to meet with school staff; however, conferences with teachers should be scheduled in advance to avoid interruption of instructional time.

Parents will find the school counselor of assistance to them and their children. The counselor may involve the parent, student, and teachers in conferences to help the student. Parents may spend one or more sessions with the counselor.

Please take time to become familiar with the contents of this handbook. The information included is important and knowing it will make the school year easier for the students. If you have questions about information in this handbook, call the school administration.
